

Welcome Class!

Dear Second Graders,

Welcome to Second Grade!! I hope you have been enjoying your summer. I am very excited about our year together! I can't wait for us to help each other learn new and inspiring things. You will be reading lots of stories and writing your own stories this year.

Have you ever wondered about the world around us? In science we will learn about matter, our Earth, our habitats, and life cycles (butterflies, plants, frogs, and more), for just a few. We have some "travelers" I'd like you to meet. The subject of Social Studies brings some fun projects as well! Perhaps you can help them along. There are new spelling words, grammar, and all sorts of things to learn! We will wonder about a great deal of things! I am filled with wonder especially about you.

There are many other fun activities I have planned for this year; it's going to be so much fun!! Our room is almost ready. I have been busy getting it ready for you. I am looking forward to meeting you and helping you discover new ideas. Let's try and make this school year the greatest! Enjoy the rest of your summer! I am looking forward to the new school year! It's going to be an exhilarating year with many terrific projects!

Perhaps I will meet you at "Meet the Teacher"! See you soon.

Your second grade teacher,
Mrs. McPartlin
